WHY...

WHY DO I NEED A COLLEGE CONSULTANT?

Independent consultants can help students identify their strengths and weaknesses. By identifying your strengths, we can help you write strong college applications and essays.

ARE SCHOLARSHIPS GUARANTEED?

We work very hard to find and assist students with scholarship applications, but success depends on the effort a student is willing to put in. Combined our students have been awarded over 6.5 million dollars in scholarships.

DO I HAVE TO GIVE UP BAND, DANCE, DEBATE TEAM, ETC?

We have worked with dancers, athletes and musicians and it is not always the case that we advise students to drop these activities. However, if our client analysis finds that it is not in the best interest of a student, we will suggest alternate extracurricular activities.

HOW MUCH DOES THIS COST?

We offer a variety of packages that catered to any family. We are the most **affordable** college prep service in the Houston area.
